

The Fortifeye™ Complete Plus and Fortifeye™ Complete Macular Defense are two formulas that have been in the developmental stages for close to four years. Four years of ongoing clinical research utilizing the latest in intracellular and plasma blood testing combined with the most advanced diagnostic technology in eye care has resulted in these two new formulas. Fortifeye has also combined feedback from eye care providers and patients throughout the world to come to these two formulations. A vast array of changes and additions have been made to the nutrient profile to increase total antioxidant power and absorption. Just a few key changes that have been made in these new formulations are the addition of all eight of the tocopherols and tocotrienols to maximize the antioxidant power of Vitamin E, Zinc has been changed to the most bioavailable form Opti Zinc, the Fish oil has been changed to a more bioavailable, higher concentrated super purified and patient friendly Natural Triglyceride form, More B-12, D3, Alpha Lipoic Acid, Co Q-10, Acetyl-L-carnitine, resveratrol and turmeric have been added. A new bio active high ORAC antioxidant blend has also been added to aid in free radical damage. And lastly we have changed the shape for easier swallowing and changed the flavor to a natural coffee coating.

Supplement Facts

Serving Size: 3 tablets and 1 softgel
Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin C (as ascorbic acid)	500 mg	833
Vitamin D (as cholecalciferol)	1,300 IU	325
Vitamin E (as d-alpha-tocopheryl succinate, mixed tocopherols : d-alpha-, beta-, gamma-,delta- tocopherols and tocotrienols: d-gamma-, alpha-, delta -tocotrienols)	200 IU	667
Thiamin (as thiamin mononitrate)	9 mg	600
Riboflavin	9.8 mg	600
Niacin (as niacinamide)	40 mg	200
Vitamin B6 (as pyridoxine HCl)	12 mg	600
Folate (as folic acid)	600 mcg	150
Vitamin B12 (as cyanocobalamin)	250 mcg	4,167
Biotin	350 mcg	112
Pantothenic acid (as D-calcium pantothenate)	60 mg	600
Calcium (as dicalcium phosphate and calcium citrate)	100 mg	10
Phosphorus (as dicalcium phosphate)	50 mg	5
Iodine (as potassium iodide)	140 mcg	93
Magnesium (as magnesium oxide)	50 mg	13
Zinc (as OptiZinc® monomethionine)	40 mg	267
Selenium (as selenomethionine)	100 mcg	143
Copper (as copper gluconate)	2 mg	100
Manganese (as manganese gluconate)	2 mg	100
Chromium (as chromium dinicotinate glycinate)	125 mcg	104
Coenzyme Q10	70 mg	*
Alpha-Lipoic acid	200 mg	*
Boron (as boron chelate)	200 mcg	*
Bromelain	20 mg	*
Acetyl-L-Carnatine HCl	200 mg	*
Hesperidin complex	10 mg	*
N-Acetylcysteine	150 mg	*
Quercetin dehydrate	20 mg	*
Rutin	10 mg	*
Taurine	250 mg	*
Turmeric root extract (95% curcuminoids)	30 mg	*
Vanadium (as vanadium amino acid chelate)	10 mcg	*
Lycopene	5 mg	*
Lutein complex (lutein 30 mg/zeaxanthin 10 mg)	40 mg	*
Resveratrol	15 mg	*
Soy isoflavones (as isoflavones, daidzin, daidzein, genistin, genistein, glycitin, glycitein).	20 mg	*
Bio Active High ORAC Antioxidant Blend:	950 mg	*
Green tea leaf extract (98% polyphenols), Gogi berry (lycium berry extract from 45mg of 5:1 extract), kale/spinach/blueberry complex, bilberry fruit extract, grape seed extract, acai fruit extract, cocoa extract, pomegranate fruit extract, cinnamon bark extract, mangosteen fruit extract.		

* Daily value not established.

Omega-3 as natural Triglyceride form (natural berry / orange flavor) 800 mg
EPA 420 mg
DHA 240 mg
Ingredients in softgel: Highly purified and concentrated triglyceride fish oil, natural mixed tocopherols, natural Orange / berry flavor.

Supplement Facts

Serving Size: 3 tablets and 1 softgel
Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin C (as ascorbic acid)	335 mg	558
Vitamin D (as cholecalciferol)	871 IU	218
Vitamin E (as d-alpha-tocopheryl succinate, mixed tocopherols : d-alpha-, beta-, gamma-,delta- tocopherols and tocotrienols: d-gamma-, alpha-, delta -tocotrienols)	134 IU	447
Thiamin (as thiamin mononitrate)	6 mg	400
Riboflavin	6.6 mg	400
Niacin (as niacinamide)	26.8 mg	134
Vitamin B6 (as pyridoxine HCl)	8 mg	400
Folate (as folic acid)	402 mcg	100
Vitamin B12 (as cyanocobalamin)	167 mcg	2,792
Biotin	234 mcg	75
Pantothenic acid (as D-calcium pantothenate)	40 mg	400
Calcium (as dicalcium phosphate and calcium citrate)	67 mg	6.7
Phosphorus (as dicalcium phosphate)	33 mg	3.4
Iodine (as potassium iodide)	94 mcg	62
Magnesium (as magnesium oxide)	33.5 mg	8.7
Zinc (as OptiZinc® monomethionine)	26.8 mg	178.9
Selenium (as selenomethionine)	67 mcg	95.81
Copper (as copper gluconate)	1.34 mg	67
Manganese (as manganese gluconate)	1.34 mg	67
Chromium (as chromium dinicotinate glycinate)	83.75 mcg	70
Coenzyme Q10	47 mg	*
Alpha-Lipoic acid	134 mg	*
Boron (as boron chelate)	134 mcg	*
Bromelain	13.4 mg	*
Acetyl-L-Carnatine HCl	134 mg	*
Hesperidin complex	6.7 mg	*
N-Acetylcysteine	100.5 mg	*
Quercetin dehydrate	134.4 mg	*
Rutin	6.7 mg	*
Taurine	167.5 mg	*
Turmeric root extract (95% curcuminoids)	20 mg	*
Vanadium (as vanadium amino acid chelate)	6.7 mcg	*
Lycopene	3.4 mg	*
Lutein complex (lutein 20 mg/zeaxanthin 7 mg)	27 mg	*
Resveratrol	10 mg	*
Soy isoflavones (as isoflavones, daidzin, daidzein, genistin, genistein, glycitin, glycitein).	13.4 mg	*
Bio Active High ORAC Antioxidant Blend:	717 mg	*
Green tea leaf extract (98% polyphenols), Gogi berry (lycium berry extract from 45mg of 5:1 extract), kale/spinach/blueberry complex, bilberry fruit extract, grape seed extract, acai fruit extract, cocoa extract, pomegranate fruit extract, cinnamon bark extract, mangosteen fruit extract.

The most recent addition to the Fortifeye line of science based nutraceuticals is Fortifeye Complete Plus and Fortifeye Complete Macular Defense. These nutraceuticals have been in development stage for many years. A multitude of intracellular and plasma blood tests were used in clinical settings to determine what would be optimal for these newest formulas. **Fortifeye® Complete Plus®** and **Fortifeye® Complete Macular Defense®** has taken the latest in nutritional science to create formulas to aid in the defense against free radical damage in the eye and body.

These formulas were created to minimize nutritional deficiencies and maximize the total antioxidant function at a cellular level. Fortifeye has increased the ORAC value (Oxygen Radical Absorbance Capacity) to greater than 8,000 per serving with Fortifeye Complete Plus and close to 13,000 for Fortifeye Complete Macular Defense. Specific nutrients known to have high ORAC values were used to increase the overall ORAC value in this supplement. Increasing total ORAC score will aid in the reduction of free radical damage and oxidative stress in the body and eye. Studies now indicate that decreasing the oxidative stress in the body may aid in prevention or slow down the degenerative diseases in the body and eye.

Ongoing in-house clinical studies using the latest in intracellular and plasma blood testing will continue be used to further enhance the Fortifeye line of nutraceuticals. Current nutritional science recommends eating 10-13 servings of fruits and vegetables a day. This can be a very difficult task in today's busy environment. The Fortifeye Complete Plus and Complete Macular Defense have an antioxidant profile much higher than these current recommendations. Many changes in these new formulas have been made to maximize absorption. Many new nutrients have been added, many current nutrients have been either increased, decreased or molecular structure changed to aid in absorption. Fortifeye even changed the fish oil from an ethyl ester form to the natural triglyceride form to aid in absorption and patient satisfaction.

Fortifeye has taken the most recent science combined from feedback from 1000's of patients and doctors to get to these two latest formulations. All Fortifeye products are produced in a GMP, FDA and NNFA inspected facility. Fortifeye is also approved by the Therapeutics Goods Association (TGA) and by the NSF.

These new formulas come in small sterile daily packets that are convenient for the patient. Fortifeye vitamins are developed to deliver complete nutritional support for total body and eye health. Specific nutrients in precise ratios have been used to give nutritional support to the retina, optic nerve, cornea and lens. These nutrients may also aid in neuro-protection, cardio-protection, circulation, skin health, joint health and cellular health. Fortifeye Vitamins when combined with proper diet and exercise promotes healthy aging from the inside out.

Fortifeye's goal with Fortifeye Complete Plus and Fortifeye Complete Macular Defense was to develop a science-based all in one supplement. Patients would not have to have numerous bottles and boxes scattered about and be concerned about sterility, cost and compliance. Fortifeye Complete Plus is a cost effective nutraceuticals bringing the very latest in nutrition for total body wellness and vision support. Fortifeye Complete Macular Defense is a more powerful version of Complete Plus with higher levels of specific nutrients to aid in retinal health especially in the macular degenerative patient. Thousands of patients throughout the world are taking the Fortifeye Vitamins with great results. Whether you are a young or old Fortifeye may be right for you!
